

## Y. M. C. A. PLAY MAY COME HERE

Salt Lake, Feb. 2.—Announcement was made today by the officials of the Y. M. C. A., acting on the suggestion of Oscar B. Cingrich, physical director, that the troupe, consisting of the senior and ladies' classes of the Y. M. C. A., which will take part in the annual athletic and gymnastic exhibition in the Salt Lake theater on Monday night, Feb. 7, will in all probability go to Ogden in the event of some charitable institution expressing a desire for a benefit performance.

It is expected that the coming exhibition of the Y. M. C. A. classes will attract more than passing interest, in view of the fact that preparations are being made for an exhibition that will surpass anything of its kind ever held in this city before. A large number of special features have been added to the regular list of gymnastic exercises, including a highland fling, Indian and haymakers' dance, each of which will be more interesting because of the special costumes which have been secured for them. Present indications are that the coming benefit will be a great success in every way. All the money received will be

donated to the Orphans' home and day nursery, which is making efforts to raise \$10,000 to complete an estimated amount of \$50,000, the cost of the new home being erected by the organization.

In view of the fact that several prominent residents of Ogden have expressed interest in the proposition to start a local Y. M. C. A., the Salt Lake performers decided that they would go to Ogden to produce their exhibition in the event of some good charity taking up the affair. Just now they are waiting to hear from Ogden and say they would be willing to pay their own expenses, should they decide to take the trip. The management of the Salt Lake theater has given the playhouse free of charge for the night of the exhibition, and it was thought that a similar place could be secured in Ogden, if not free, at least at only a nominal cost.

### WIDOW WILL SUE THE RAILROADS

So that she can legally prosecute her claims against the Oregon Short Line and Union Pacific railroad companies, Mrs. Mary Layne, widow of the late Peter J. Layne, yesterday filed a petition in the probate division of the District court asking that she be appointed guardian ad litem for the five minor children.

Layne was employed as a locomotive

engineer by the Oregon Short Line company but had charge of an engine on the Union Pacific, March 24, 1909, when he was killed in an accident at Granger. Mrs. Layne says that she and the children have a claim against the railroad companies for his death, and that it is necessary to bring suit to recover the alleged damages which have resulted.

### IS IT SERIOUS.

Some Ogden People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ills are serious—if neglected. Dangerous urinary troubles follow. An Ogden citizen shows you how to avoid them.

Mrs. F. J. Moody, 928 Capitol Ave., Ogden, Utah, says: "Doan's Kidney Pills brought a wonderful change in my condition in less than a month. I suffered intensely from inflammatory rheumatism and a swelling of my feet and limbs. Nothing helped me at all until I began using Doan's Kidney Pills. Although it may seem incredible, the contents of one box cured the trouble and left my entire system in a healthy condition. It is a pleasure to recommend Doan's Kidney Pills. From statement given July 20, 1909.

### Twice Told Testimony.

Mrs. Moody was interviewed on July 29, 1909, and she confirmed the above testimonial in the following words: "I can still recommend Doan's Kidney Pills highly and willingly allow the publication of my former endorsement. This remedy has certainly been of great benefit to me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### OMAHA IS GRATEFUL TO THE UNION PACIFIC

Citizens of Omaha are extending whole-hearted expressions of gratitude toward the Union Pacific Railroad company for its gift to the city of a million-dollar, twelve-story, steel-frame building, for which bids have already been asked by the railway officials.

Consideration of Omaha people in helping the Overland develop its terminal properties prompted the plan for the erection of the structure. The building will have a frontage of 173 feet and a depth of 97.

Jarvis Hunt, eminent architect of New York and Chicago, is the designer of the structure. All the Union Pacific offices now scattered about the city of Omaha will be brought together under one roof.

### JUDGE HOWELL MAKES IMPORTANT DECISION

It is not necessary for an alien to have reached the age of 21 years at the time he files his declaration of intention to become a citizen of the United States, provided he becomes of age prior to the time his second papers or his letters of naturalization are issued.

This is the substance of a lengthy decision handed down yesterday afternoon by District Judge J. A. Howell in the naturalization contest of Erich Carl Theodore Dittman, a native of Prussia.

Dittman, the record shows, was not 21 years of age at the time he filed his declaration of intention to become a citizen of this country some time ago. When he applied for his naturalization papers after the time required by the federal law had expired, A. H. Bodie, the naturalization examiner for this district, intervened an objection to the papers being issued on the ground that the applicant was not of age when he filed his declaration. Judge Howell announced that he would take the matter under advisement. This was some weeks ago. Yesterday the court filed its decision, holding that Dittman, having reached his majority before the time he applied for his naturalization papers had expired, is entitled to become a citizen of the United States.

The decision is an important one, inasmuch as there has been some diversity of opinion on the subject by the courts of other states. Judge Howell quotes decisions from several other courts on the subject, and says that after a careful study of the points raised by the naturalization examiner, he is convinced that Dittman is entitled to letters of naturalization under the statutes, and so orders.

### NOTICE OF ASSESSMENT.

Intermountain Fair Association, Ogden, Utah.

Notice is hereby given that at a regular meeting of the Board of Directors of the Intermountain Fair Association of Ogden, Utah, held on the 22nd day of January, 1910, assessment No. 3 of \$1.00 per share (to pay for improvements made and debt now existing) was levied on the capital stock of the corporation issued and outstanding, payable immediately to Ezra Richardson, Secretary of the said association, office in the old Seaworth Warehouse, Wall avenue,

between Twenty-third and Twenty-fourth streets, Ogden, Utah. Any stock upon which the assessment may remain unpaid on the 5th day of March, 1910, will be delinquent and advertised for sale at public auction, and unless payment is made before so much of said stock as may be necessary will be sold on the 5th day of April, 1910, at 2 o'clock p. m., at the front door of the Weber County Court House by the Secretary of said corporation to pay the delinquent assessment thereon, together with the cost of advertising and expenses of sale.

EZRA RICHARDSON, Secretary.

### Home Cure for Eczema

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25-cent bottle of a simple wash stops the itch and will surely convince any patient. This wash composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known as D. D. D. Prescription. We do not know how long the D. D. D. Laboratories will continue the 25c offer, as the remedy is regularly sold only in \$1.00 bottles and has never before been put on the market on any special offer.

If you want relief tonight try a bottle at 25c on our personal recommendation. Culley Drug Co., 2479 Washington.

### HOGS AND VEALS

We are paying for fat hogs as follows:

Hogs, from 200 lbs. and up, per 100 lbs. \$8.25  
Hogs, from 150 to 200 lbs., per 100 lbs. 8.00  
Hogs, from 125 to 150 lbs., per 100 lbs. 7.75  
We receive hogs daily.

Anybody who prefers dressed weight on hogs may bring them in on Tuesdays or Fridays between 7:30 and 10 a. m. We will then slaughter them while you wait, and pay \$11.25 per 100 lbs. dressed. At either of these days you may choose whether you want the live weight price or \$11.25 dressed.

We pay for fat veals from 70 to 125 lbs. dressed weight 10-12 cents per lb., and receive them daily. You may bring them in either live or dressed.

Access to our plant is now convenient since the construction of the viaduct.

### PITTSBURG PEOPLE THOUGHT THEY SAW COMETS

Pittsburg, Feb. 3.—Halley's comet, "A 1910" and the Worcester, Mass., night prowling airship will now take a back seat. Pittsburg is putting forth a hand blown variety of comet that creates more interest and excitement than a comet with forty tails. For several nights crowds have thronged roof tops and the streets "stargazing," and commenting on the celestial display.

There appeared to be four and the comets were having the times of their lives apparently, when the Allegheny observatory began to be besieged with telephone calls for an explanation. Dr. John A. Brashear, director of the observatory, have been kept busy telling what it was.

What apparently was a disintegrated comet with four tails, or four separate nebulas, was plainly visible, and Dr. Brashear's reply was, "Comets, bah! Celestial four flushers! They're blast furnace comets and are common. They have been more intensified and more brilliant than usual because a layer of cross-crystals formed a bank over the atmosphere, giving a brilliant and transparent effect. These comets fluctuate and die down with the operations of the blast furnaces."

### RETAIL PRICE OF DIAMONDS TO BE RAISED

New York, Feb. 3.—The retail price of diamonds is to be raised from \$5 to \$10 a carat, because of an advance of 12 1/2 per cent in wages just granted by the Maiden Lane Diamond merchants to members of the American Diamond Cutters' Protective association.

The average wage paid to polishers is \$60 per week. The workmen known as "Bruters," who shape the diamonds, receive \$150 a week. "Cleavers," of whom there are only two in this country, make \$200 a week.

The union has an iron-clad agreement with the merchants whereby no apprentices may be put at work in the factories except sons or brothers of men now employed in the work. Merchants asked the union to sign an agreement that no further advance in wages would be requested for two years, but their request was denied.

### MOTHER, GRIEF-STRIKEN, TRIES TO STAB A DRIVER

New York, Feb. 3.—Mrs. Mary Latte, grief crazed yesterday at seeing her seven-year-old daughter Anna crushed to death under the wheels of a truck, tried repeatedly to stab the truck driver with a hat pin. The police restrained her, while the driver, James Clinton, was taken to a station house.

### AGAINST LAVISH USE OF MONEY IN ELECTIONS

New York, Feb. 3.—A plank declaring against the lavish use of money in elections is part of the personal platform of George C. Griscom, former ambassador to Italy, who has just been installed as chairman of the republican county committee in New York.

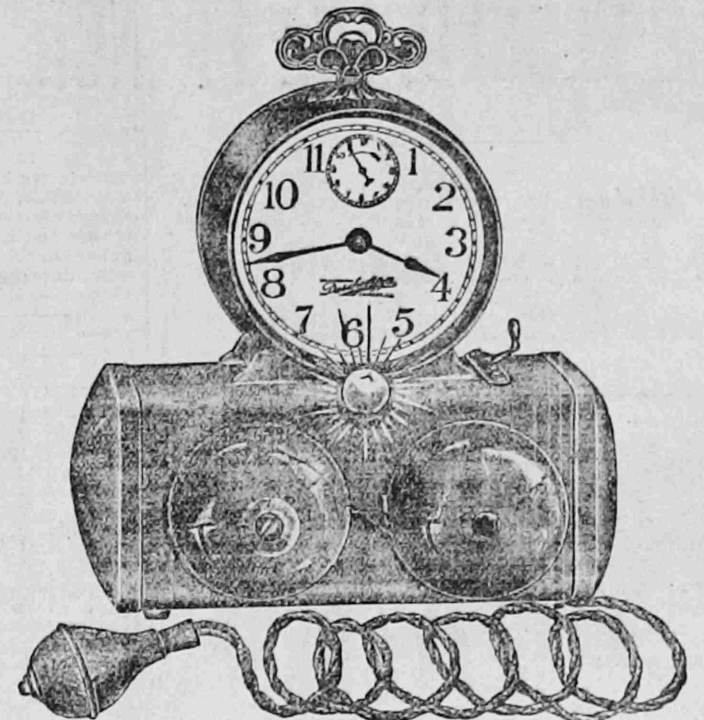

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors prescribed a local remedy, and by constantly failing to cure with local treatment, pronounced it a constitutional disease, and therefore, requires constitutional treatment. Catarrh is a disease of the blood, and therefore, it acts directly on the blood and mucous surfaces of the system. They offer one remedy, and that is Catarrh Cure, which is a cure. ## The Electric Alarm Clock Will Wake You

### The Modern Wonder of the World

THIS IS THE ELECTRIC CALL AND ALARM CLOCK

USED AS A CALL BELL

HAVING demand from Lawyers and others in offices for desk alarm and call bell, we show where the SEARCHLIGHT Clock can be used for this purpose. First, as neat clock on desk for time purposes, and it takes only a couple of seconds to set alarm at time of appointment, which is sure to remind one that someone else needs immediate attention.

The call bell can be used as shown, to call anyone in the office as signals adopted. Then again, did you ever have anyone in your office who, having finished his business, persists in again going over matter thoroughly understood, with you having a stack of work awaiting ahead of you? By pressing the button you can make way for suitable excuse to terminate the meeting.

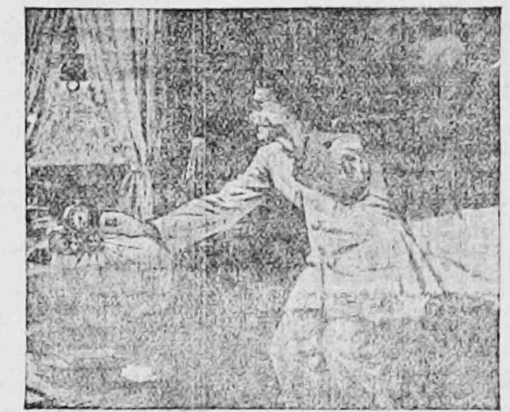

THE SICK CAN CALL YOU

THIS clock is useful as a call bell. The electric current is so arranged that when the button in the end of the pear push is pressed, the bell will ring. This is very convenient in a sick room, or wherever a call bell is needed. This clock combines the perfect mechanism of the best time keeper made with the advantages of the latest developments in electrical science.

"MUST I GET UP?"

THIS clock is not a toy—it is an article of household furniture—an adornment to the home and it is useful. The alarm clock will ring until you get up—out of bed—and stop it. The alarm is kept ringing by the electric battery and it will ring for hours if not turned off. This alarm will not stop after awhile and let you go back to sleep—it gets you up.

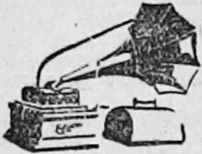

"DANG THE THING"

THE little electric incandescent lamp just above the dial will show the time at any hour of the night. All you need to do is to touch the button at the end of the cord which comes attached to every clock, and the dial of the clock will light up. It is not necessary to rise from bed to light the electric light—a touch of the button will show you the time. The cord may be put under your pillow or in any convenient place.

This clock will be sold to anyone for \$5 cash, or for \$2.50 cash to anyone who will subscribe for and sign a contract to pay for The Evening Standard for one year.
